Abstract

This test checks the interaction with the **hyperref** package and the use of the **altsf.cfg** configuration file.

List of Figures

1	Testfigures	4
	(a) SubFig1	4
	(b) SubFig2	4

1 Test of subfigure

There is a test figure 1 with subfigures 1a and 1b.

Also referenced with 1(a) and 1(b).

One other way to reference these is with the starred subref command. For example, with 1(a) and 1(b).

The chief purpose of this test is to check and verify the interaction between the subfigure package and the hyperref package.
